

ROLEX

DATEJUST 41

Oyster, 41 mm, Oystersteel and white gold

**THIS OYSTER PERPETUAL
DATEJUST 41 IN WHITE
ROLESOR FEATURES A BLUE
DIAL AND AN OYSTER
BRACELET.**

The light reflections on the case sides and lugs highlight the elegant profile of the 41 mm Oyster case, which is fitted with a Fluted bezel. Aesthetically, the Datejust has spanned eras, while retaining the enduring codes that make it, notably in its traditional versions, one of the most recognized and recognizable of watches.

THE FLUTED BEZEL A ROLEX SIGNATURE

The Rolex fluted bezel is a mark of distinction. Originally, the fluting of the Oyster bezel had a functional purpose: it served to screw the bezel onto the case helping to ensure the waterproofness of the watch.

BLUE DIAL A WATCHMAKING TECHNIQUE

The sunray finish on Rolex dials is a predominant method in watchmaking of achieving pure metallic colour dials such as shades of silver grey, rhodium or ruthenium.

Silver-plating is mostly used as a base layer for the sunray finish, where further colour is added to the prepared dial.

Sometimes colours such as champagne are achieved through electroplating with more than half a dozen different metals.

WHITE ROLESOR A MEETING OF TWO METALS

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties. A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster collection.

THE OYSTER BRACELET ALCHEMY OF FORM AND FUNCTION

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterclasp and the Easylink comfort extension link, also exclusive to Rolex. This ingenious system allows the wearer to increase the bracelet length by approximately 5 mm, providing additional comfort in any circumstance.

THE CYCLOPS LENS A MAGNIFYING LENS

The Cyclops lens is one of the most distinctive Rolex features, and one of the most recognizable. Named after the one-eyed giant of Greek mythology, the Cyclops lens magnifies the watch's emblematic date display two and a half times for easy reading. Behind the Cyclops, as with every feature of a Rolex timepiece, lies a history of invention, research and development, and the endless search for perfection.

3235 MOVEMENT SUPERLATIVE PERFORMANCE

This model is equipped with a new generation movement, calibre 3235, entirely developed and manufactured by Rolex for a superlative level of performance. Certified as a Swiss chronometer by COSC (Swiss Official Chronometer Testing Institute), it is tested a second time by Rolex after being cased to ensure that in everyday use it satisfies Rolex's criteria for precision, which are twice as exacting as those for an officially certified chronometer. This control of the final precision of the assembled watch is carried out using a methodology and high-technology equipment specially developed by Rolex.

Specifications

Reference 126334

MODEL CASE

Oyster, 41 mm, Oystersteel and white gold

OYSTER ARCHITECTURE

Monobloc middle case, screw-down case back and winding crown

DIAMETER

41 mm

MATERIAL

White Rolesor - combination of Oystersteel and 18 ct white gold

BEZEL

Fluted

WINDING CROWN

Screw-down, Twinlock double waterproofness system

CRYSTAL

Scratch-resistant sapphire, Cyclops lens over the date

WATER RESISTANCE

Waterproof to 100 metres / 330 feet

MOVEMENT

Perpetual, mechanical, self-winding

CALIBRE

3235, Manufacture Rolex

PRECISION

-2/+2 sec/day, after casing

FUNCTIONS

Centre hour, minute and seconds hands.
Instantaneous date with rapid setting.
Stop-seconds for precise time setting

OSCILLATOR

Paramagnetic blue Parachrom hairspring.
High-performance Paraflex shock absorbers

WINDING

Bidirectional self-winding via Perpetual rotor

POWER RESERVE

Approximately 70 hours

BRACELET

Oyster, flat three-piece links

BRACELET MATERIAL

Oystersteel

CLASP

Folding Oysterclasp with Easylink 5 mm comfort extension link

DIAL

Blue

DETAILS

Highly legible Chromalight display with long-lasting blue luminescence

CERTIFICATION

Superlative Chronometer (COSC + Rolex certification after casing)
