## GMT-MASTER II

Oyster, 40 mm, Oystersteel and Everose gold

## **THE OYSTER PERPETUAL GMT-MASTER II IN EVEROSE ROLESOR WITH AN OYSTER BRACELET.**

This model features a black dial and a brown and black Cerachrom bezel. Designed to show the time in two different time zones simultaneously during intercontinental flights, the GMT-Master has come to be recognized for its robustness and versatile appearance.

## 24-HOUR ROTATABLE BEZEL INNOVATIVE HIGH- TECHNOLOGY

In addition to conventional hour, minute and seconds hands, the GMT-Master II features an arrow-tipped hand, which circles the dial once every 24 hours, as well as a bidirectional rotatable 24-hour graduated bezel.

## **BLACK DIAL HIGH LEGIBILITY IN ALL CIRCUMSTANCES**

Like all Rolex Professional watches, the GMT-Master II offers exceptional legibility in all circumstances, and especially in the dark, thanks to its Chromalight display. The broad hands and hour markers in simple shapes – triangles, circles, rectangles – are filled with a luminescent material emitting a long-lasting glow.

## **EVEROSE ROLESOR A MEETING OF TWO METALS**

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties. A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster collection.

## **THE OYSTER BRACELET ALCHEMY OF FORM AND FUNCTION**

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock folding clasp, which prevents accidental opening and the Easylink comfort extension link, also exclusive to Rolex. This ingenious system allows the wearer to increase the bracelet length by approximately 5 mm, providing additional comfort in any circumstance.

## **TWO TIME ZONES SIMULTANEOUS DISPLAY**

With traditional hour, minute and seconds hands, a triangle-tipped 24-hour hand, and a bidirectional rotatable bezel with 24-hour graduated Cerachrom insert, the GMT-Master II can display the time in two time zones simultaneously: either the local time and the reference time, or the local time and that of an alternative time zone. The date, at 3 o'clock on the dial, is synchronized with the local time.

## **THE CYCLOPS LENS A MAGNIFYING LENS**

The Cyclops lens is one of the most distinctive Rolex features, and one of the most recognizable. Named after the one-eyed giant of Greek mythology, the Cyclops lens magnifies the watch's emblematic date display two and a half times for easy reading. Behind the Cyclops, as with every feature of a Rolex timepiece, lies a history of invention, research and development, and the endless search for perfection.

## **3285 MOVEMENT SUPERLATIVE PERFORMANCE**

The new calibre 3285, a new-generation movement entirely developed and manufactured by Rolex. With 10 patent applications filed over the course of its development, this movement features a Chronergy escapement and a guaranteed power reserve of approximately 70 hours. Like all Rolex Perpetual movements, the 3285 is a certified Swiss chronometer, a designation reserved for high-precision watches that have successfully passed the Swiss Official Chronometer Testing Institute (COSC) tests. The 3285 is equipped with a Parachrom hairspring, offering greater resistance to shocks and to temperature variations. Its architecture, in common with all Oyster watch movements, makes it singularly reliable.

## Specifications

Reference 126711CHNR

### MODEL CASE

Oyster, 40 mm, Oystersteel and Everose gold

### OYSTER ARCHITECTURE

Monobloc middle case, screw-down case back and winding crown

### DIAMETER

40 mm

### MATERIAL

Everose Rolesor - combination of Oystersteel and 18 ct Everose gold

### BEZEL

Bidirectional rotatable 24-hour graduated bezel. Two-colour brown and black Cerachrom insert in ceramic, engraved numerals and graduations

### WINDING CROWN

Screw-down, Triplock triple waterproofness system

### CRYSTAL

Scratch-resistant sapphire, Cyclops lens over the date

### WATER RESISTANCE

Waterproof to 100 metres / 330 feet

### MOVEMENT

Perpetual, mechanical, self-winding, GMT function

### CALIBRE

3285, Manufacture Rolex

### PRECISION

-2/+2 sec/day, after casing

### FUNCTIONS

Centre hour, minute and seconds hands. 24-hour display. Second time zone with independent rapid-setting of the hour hand. Instantaneous date. Stop-seconds for precise time setting

### WINDING

Bidirectional self-winding via Perpetual rotor

### POWER RESERVE

Approximately 70 hours

### **BRACELET**

Oyster, flat three-piece links

### **BRACELET MATERIAL**

Everose Rolesor - combination of Oystersteel and 18 ct Everose gold

### **CLASP**

Folding Oysterlock safety clasp with Easylink 5 mm comfort extension link

### **DIAL**

Black

### **DETAILS**

Highly legible Chromalight display with long-lasting blue luminescence

### **CERTIFICATION**

Superlative Chronometer (COSC + Rolex certification after casing)
