

ROLEX

# ROLEX DEEPSEA

Oyster, 44 mm, Oystersteel

**THE OYSTER PERPETUAL  
ROLEX DEEPSEA IN  
OYSTERSTEEL WITH A BLACK  
CERAMIC BEZEL AND AN  
OYSTER BRACELET.**

It features a D-blue dial and large luminescent hour markers. Waterproof to a depth of 12,800 feet (3,900 metres) with a unidirectional 60-minute rotatable bezel, the Rolex Deepsea is amongst the ultra-resistant divers' watches engineered by Rolex for deep-sea exploration.

# D-BLUE DIAL HONOURING A HISTORIC DIVE

Commemorating James Cameron's historic solo dive.

## **CERAMIC BEZEL AND LUMINESCENT DISPLAY LEGENDARY DIVERS' WATCH**

The 60-minute graduated, unidirectional rotatable bezel of the Rolex Deepsea enables divers to precisely and safely monitor their dive and decompression times. It is equipped with a patented black Cerachrom bezel insert manufactured by Rolex in a virtually scratchproof ceramic whose colour is unaffected by ultraviolet rays. The graduation is coated via PVD (Physical Vapour Deposition) with a thin layer of platinum. The sleek black dial features large Chromalight hour markers and hands, filled with luminescent material that emits a long-lasting blue glow for excellent legibility in dark conditions.

## **OYSTERSTEEL HIGHLY RESISTANT TO CORROSION**

Rolex uses Oystersteel for its steel watch cases. Specially developed by the brand, Oystersteel belongs to the 904L steel family, alloys most commonly used in high-technology and in the aerospace and chemical industries, where maximum resistance to corrosion is essential.

Oystersteel is extremely resistant, offers an exceptional finish once polished and maintains its beauty even in the harshest environments.

## **THE OYSTER BRACELET ALCHEMY OF FORM AND FUNCTION**

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock clasp, which prevents accidental opening, and an ingenious Glidelock, allowing fine adjustments of the bracelet without using any tools - and allowing it to be worn and comfortably over a diving suit.

## **WATERPROOF SYSTEM ROBUSTNESS AND RELIABILITY**

A paragon of robustness and reliability, the Oyster case of the Deepsea is guaranteed waterproof to a depth of 3,900 metres (12,800 feet). Its middle case is crafted from a solid block of particularly corrosion-resistant Oystersteel. The case back, edged with fine fluting, is hermetically screwed down with a special tool that allows only Rolex watchmakers to access the movement. This model's 44 mm Oyster case, reinforced with the patented Ringlock System, was designed to provide the highest degree of resistance and reliability in a size that remains wearable and practical.

## **3235 MOVEMENT SUPERLATIVE PERFORMANCE**

The calibre 3235 is a new-generation movement entirely developed and manufactured by Rolex. This self-winding mechanical movement is at the forefront of the art of watchmaking. A consummate demonstration of Rolex technology, with 14 patents, it offers fundamental gains in terms of precision, power reserve, resistance to shocks and magnetic fields, convenience and reliability. It incorporates the new Chronergy escapement patented by Rolex, which combines high energy efficiency with great dependability. Made of nickel-phosphorus, it is also insensitive to magnetic interference.

## Specifications

Reference 126660

### MODEL CASE

Oyster, 44 mm, Oystersteel

### OYSTER ARCHITECTURE

Monobloc middle case, screw-down case back and winding crown. Rolex Ringlock System case architecture with Helium escape valve

### DIAMETER

44 mm

### MATERIAL

Oystersteel

### BEZEL

Unidirectional rotatable 60-minute graduated, scratch-resistant Cerachrom insert in ceramic, numerals and graduations coated in platinum

### WINDING CROWN

Screw-down, Triplock triple waterproofness system

### CRYSTAL

Domed, 5.5 mm-thick scratch-resistant sapphire

### WATER RESISTANCE

Waterproof to 3,900 metres / 12,800 feet, helium escape valve

### MOVEMENT

Perpetual, mechanical, self-winding

### CALIBRE

3235, Manufacture Rolex

### PRECISION

-2/+2 sec/day, after casing

### FUNCTIONS

Centre hour, minute and seconds hands. Instantaneous date with rapid setting. Stop-seconds for precise time setting

### OSCILLATOR

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

### WINDING

Bidirectional self-winding via Perpetual rotor

### POWER RESERVE

Approximately 70 hours

### **BRACELET**

Oyster, flat three-piece links

### **BRACELET MATERIAL**

Oystersteel

### **CLASP**

Folding Oysterlock safety clasp with Rolex Glidelock extension system. Fliplock extension link

### **DIAL**

D-blue

### **DETAILS**

Highly legible Chromalight display with long-lasting blue luminescence

### **CERTIFICATION**

Superlative Chronometer (COSC + Rolex certification after casing)
